

VIORATECH

AI Insurance Platform & Operating System

Master Services Agreement

Commercials, IP Transfer & Liability

Prepared For: Himanshu Singh — Vioratech

Prepared By: Baljinder Singh — Tech Lead & Proprietor, BITSS

Date: May 05, 2026

Classification: Highly Confidential — Binding Execution Copy

1. SCOPE OF SERVICES

This Master Services Agreement ("MSA") governs the commercial engagement for the development of the Vioratech AI Insurance Platform. The Phase 1 (MVP) budget is capped at **₹15,000,000 (Fifteen Lakhs INR)**. The Phase 2 & 3 (Enterprise AI OS) budget is estimated at **\$270,000 USD** and will be scoped separately post-MVP.

2. COMMERCIAL TERMS & SUBSIDIES

Payment cycles are asynchronous and independent. Upon UAT verification of any milestone, the associated payment of **₹1.5 Lakhs** is triggered immediately. Post-Dated Cheques (PDCs) or NEFT/RTGS bank transfers to the proprietorship account of

Baljinder Singh (BITSS) are accepted.

Operational Cost Clarity: The ₹4,00,000 infrastructure subsidy covered by BITSS applies exclusively to AWS compute infrastructure and AI API inference (Claude/Gemini/OpenAI) costs. All operational and third-party transactional costs—including SMS gateways (MSG91), WhatsApp Business conversation fees, Payment Gateway transaction fees (Razorpay), and domain registrations—are the sole financial responsibility of Vioratech.

3. SANDBOX DEFAULT CLAUSE

If Vioratech cannot procure verified Production API keys for payment gateways (Razorpay), KYC channels (DigiLocker), communication APIs (WhatsApp), or Insurers by Day 15, BITSS will deliver the integrations in Sandbox/Test mode. Delivery in Sandbox mode constitutes 100% fulfillment of the milestone for payment purposes.

4. PROPORTIONAL INTELLECTUAL PROPERTY TRANSFER

Proportional IP Transfer: Intellectual property rights for each specific deliverable (e.g., UI/UX designs, Backend modules) shall transfer exclusively to Vioratech upon the successful clearance of the associated milestone payment for that specific deliverable. Full platform IP transfers completely to Vioratech upon the successful completion of all Phase 1 payments. Prior to payment clearance for a given milestone, all source code and architectures remain the sole property of BITSS.

5. LIMITATION OF LIABILITY & PROPRIETORSHIP LEGALITIES

Liability Cap: BITSS's maximum aggregate financial liability to Vioratech for any technical failure, defect, delay, or damages arising out of this Agreement shall be strictly capped at the total cumulative amount of milestone payments paid by Vioratech to date.

Proprietorship Status: As BITSS is a registered sole proprietorship firm owned by Baljinder Singh, the firm and the individual are considered a single legal and financial entity under Indian law. All milestone payments and PDCs may be issued in the name of and deposited directly into the personal bank account of Baljinder Singh.
